Basic Backgammon Strategies

It's a key part of backgammon strategies and an important element of tactical play. If you rush ahead, leaving your backmarkers behind, you will have a devil of a job getting them out. Temper your aggression with common sense, keep your board evenly spread, and balance your offence and defence, so if you do attack you have some defences against a counter-attack.

Ten Ways to Destroy Your Friends at Backgammon

The object of backgammon is to move all your checkers around the board in a clockwise motion and ultimately bear off the checkers from the board. The first player to remove all their checkers is the winner. Alternate turns with your opponent moving checkers toward your home in the upper right hand quadrant of the backgammon board.

Backgammon FAQ - Basic Backgammon Strategy for Beginners

Backgammon opening theory is not developed in as much detail as opening theory in chess, which has been widely studied. The reason for this is that following the first move in backgammon, there are 21 dice roll outcomes on each subsequent move, and many alternative plays for each

Backgammon - Overview of Strategy

To compete in Backgammon with this tactic, you need to hold two or more points in table, and to hit a blot late in the game. This plan is more complex than others to employ in Backgammon seeing as it needs careful movement of your pieces and how the checkers are moved is partially the outcome of the dice roll.

Strategies to Win at Backgammon - thesprucecrafts.com

It is a difficult strategy to play in backgammon because the chance of a successful Back Game is influenced by the luck of the dice roll. A successful Back Game requires that you establish two anchors, have at least 10 of your checkers advanced to contain the opponent if you hit, and have enough timing (i.e. are far enough behind in the race) to wait until he rolls awkwardly and leaves a single or double shot.
