Broca's Brain: Reflections on the Romance of Science is a 1979 book by astrophysicist Carl Sagan. Its chapters were originally articles published between 1974 and 1979 in various magazines, including The Atlantic Monthly , The New Republic , Physics Today , Playboy and Scientific American .

Listen to Broca's Brain: Reflections on the Romance of ...
Brain Writing: A hypothesis sometimes also known as racial memory or the collective unconscious. It holds that there are certain ideas, archetypes, legendary figures, and stories that are intrinsic to human beings at birth, perhaps in the same way that a newborn baboon knows to fear a snake, and a bird raised in isolation from other birds knows how to build a nest.

Broca's Brain Reflections on The Romance of Science by ...
Broca's Brain may not be as famous as other works such as Cosmos or Contact, but it's every bit as engaging. In particular, the chapter entitled "A Sunday Sermon" contains tidbits I believe every person on this planet, whatever their religious beliefs or lack thereof are, can gain important insight from.
