Explosive Stock Trading Strategies | Generate Thousands

If a stock has made a big move in the past, it will likely do so again. You want to look at a stock's daily chart and see if it has had large daily candle days in the past. This will tell you if it has the potential to make an explosive move or not. You don't want to be trading stocks that have daily charts with no history of making large ...

2 Simple Formulas For Finding Stocks With Explosive Potential

The biggest mistake is confusing the stock market for the economy. The stock market is one indicator of economic health; it is not the economy, nor is it THE indicator. But in this micro world of trading and investing, traders tend to blur the relationship into one giant morass. The stock market-economy relationship, explained
