They chose to spend their time creating math puzzles. My favorite on is The Chicken From Minsk. Here is a summary: An international company laid a fiber-optic cable completely encircling the Earth, by chance running through a new, privately owned chicken farm in the city of Minsk (the capital of Belarus).

Description: The chicken from Minsk

The Chicken from Minsk provides a selection of these (mainly Russian) problems. They are the result of a collaboration between Yuri Chernyak, a Russian immigrant to the United States who had been an associate professor of physics at Moscow State University, and an American, Robert Rose, professor of material sciences and engineering at MIT.
