Urban Planning And Governance A

The Government of Myanmar is in the process of establishing a national urban planning system, and decentralizing planning powers to the local level. This shift in governance comes as the country equips itself to deal with large-scale population movement from rural areas to cities, and Myanmar's cities grow in population and size.

UN-HABITAT | Urban Planning & Governance

Urban governance refers to how government (local, regional and national) and stakeholders decide how to plan, finance and manage urban areas. It involves a continuous process of negotiation and contestation over the allocation of social and material resources and political power. It is, therefore, profoundly political, influenced by the creation and operation of political institutions, [...]
