Literature, a body of written works.The name has traditionally been applied to those imaginative works of poetry and prose distinguished by the intentions of their authors and the perceived aesthetic excellence of their execution. Literature may be classified according to a variety of systems, including language, national origin, historical period, genre, and subject matter.

Project MUSE - Why Does Literature Matter?

Literature—at least the literature to which I respond—doesn't work that way; it is conscious, yes, but with room for serendipity, a delicate balance between craft and art. This is why it's often difficult for writers to talk about their process, because the connections, the flow of storytelling, remain mysterious even to them.
